Computer Programming

Studio Art & Graphic Design

Leadership

Choreography

EDUCATION

B.S.

UC Santa Cruz

2022-2024

Majoring in CS: Game Design, I've been the production lead for several game design projects, honing both my technical skills and leadership capabilities.

A.S.

Merced College

2018-2021

While pursuing my degree, I provided free tutoring in math and physics, and fostered cultural exchange within my community through an international dance club.

PROFILE

With a Bachelor's degree in Computer Science: Game Design, I am driven by a fervent ambition to establish myself as a leading professional in software engineering and front-end development. Proficient in HTML, CSS, and JavaScript, I leverage my skills and passion to create immersive and engaging user experiences and games across digital platforms. My academic background and hands-on projects have honed my ability to innovate and solve complex problems, positioning me to contribute effectively to cutting-edge development teams and transformative digital solutions.
